

TABLE OF CONTENTS

Specimen Collection and Macroscopic Assessment

Specimen Collection.....	3
Macroscopic Assessment.....	4
Liquifaction.....	4
Volume.....	4
Viscosity.....	6
Semen pH Measurement.....	7
Color and Turbidity.....	8

Sperm Count

Sperm Count	11
Sperm Motility and Progression.....	13
Sperm Viability.....	14

Sperm Morphology

Morphology Assessment	17
Classification Systems.....	19
Historical Background.....	19
Strict (Kruger) Criteria.....	20
WHO 4th Edition	20
WHO 5th Edition	21
WHO 6th Edition	21

Sperm Morphology (continued)

Sperm Morphology Images	24
Normal Sperm.....	24
Head Defects	31
Neck/Midpiece Defects	40
Tail Defects	43
Residual Cytoplasm Defects.....	47
Papanicolaou (Pap)-Stained Sperm Images	49

Nonsperm Cells

Nonsperm Cells	55
Spermatogenesis.....	55
Round Cells	56
Epithelial Cells	58
Leukocytes.....	60

Appendices

A. Glossary	67
B. Stains for Sperm Morphology Assessment	68
C. Quality Control: Contact Material Assays.....	69
Sperm Survival Assay (SSA)	69
Mouse Embryo Assay (MEA).....	70
D. Bibliography	71
Index.....	73
